SUMMARY

I am a passionate and solutions-driven full-stack web development student with an anticipated web development certification from the Coding Boot Camp at UNC Charlotte. With over a decade of experience in the dental field and the advances in dental technologies, I have cultivated an environment where innovation meets compassion. This passion for technological advancement in the dental field spurred my pursuit of web development skills, reflecting a broader vision to integrate and elevate my knowledge.

TECHNICAL SKILLS

API Development, Express.js, Git, JavaScript, Node.js, SQL, Test Driven Development, Render.com

PROJECTS

Weather Dashboard | Role: Individual

GitHub Repository: <https://github.com/zoniaramirez/weather-dashboard>

URL: <https://zoniaramirez.github.io/weather-dashboard/>

- The weather dashboard was created for travelers to view the weather outlook for multiple cities so that they can plan their trip accordingly.
- HTML, CSS, JavaScript, Open Weather API

Task Board | Role: Individual

GitHub Repository: <https://github.com/zoniaramirez/task-board>

URL: <https://zoniaramirez.github.io/task-board/>
